MORE TROUBLE FEARED

RUMORED THAT THE PACKERS WILL NOT RE-EMPLOY STRIKE LEADERS.

BUTCHERS WILL WALK OUT

Should the Report Prove True and Several Men Who Have Been Discharged Are Not Reinstated Five Thousand Men Will Lay Down Their Tools—Conference Arranged to Adjust the Difficulty.

Chicago, June 6.—Quiet reigned in the turbulent stock yards district as a result of the settlement of the meat teamsters' strike, but the happiness of the men was marred by a report that the packers will refuse to re-employ leaders among the striking teamsters. The report caused much uneasiness among the men, and there were mutterings that if those who have been active in the recent disturbances shall be forced into idleness because of their conduct during the strike there will be further trouble at the stock yards. The teamsters are to return to work in the morning. Soon after the agreement, which is a compromise, was ratified by the men, a report coming from some untraceable source spread that the packers had determined to take back only teamsters who had not been active in the strike. That the companies would exercise a choice in taking back their former teamsters seemed not to have occurred to the men before, and on investigation it was found that several workmen employed in the yards had recently been discharged. These men declare that they had been singled out because they were strong union men and strike sympathizers. This is denied by the packers, but the statements of the discharged men are being carefully investigated.

Had the compromise agreement not been affected, this would have been a Red Letter Day for the Strike.

as the packers had planned to send a wagon train of 125 loads of meat into the heart of the city during the morning. Instead of another day of rioting and broken heads, there was peace and the ripple of laughter as the two sides of the controversy goodnaturedly discussed the ending of the trouble. When the members of the conference separated the strike was virtually at an end, but the agreement of the committee had to be ratified by the packers and the teamsters. This caused some further delay and it was not until evening that all arrangements had been completed for the strikers to return to work. Meanwhile the only teams called for were to deliver meat urgently needed. The others were told to make the remainder of the day a holiday and to report for work in the morning.

The men who have been discharged are members of the Stock Yards Employees' union. Their organization, which was formed less than three weeks ago and already has a membership of over 700, is affiliated with the Butchers' union. Michael Donnelly, president of the North American Meat Cutters' union, has been asked to adjust the trouble. A conference between Mr. Donnelly and A. W. Leonard, superintendent of the Union Stock Yards Transit company, has been arranged. Mr. Leonard will be asked to reinstate the men who have been discharged and unless he consents to do so it is said that the 5,000 butchers employed in the different packing plants will be called out on strike.

TWO PASSENGERS KILLED.

Rear-End Collision of Freights on the Union Pacific.

Sedalia, Mo., June 6.—Freight train No. 79, with Engineer D. E. Mercer in the cab, ran into the caboose of local freight No. 112 on the river route of the Missouri Pacific at Nelson, Saline county. Joe Barth of Booneville and Robert Anderson of Blackwater, the only passengers in the local caboose, were instantly killed, and Engineer Mercer was seriously injured, one leg being broken and his body badly lacerated.

The wreck occurred in a cut near the river, with an overhanging bluff on one side, and it was impossible for the engineer to see that the train ahead of him had been stopped. It is supposed that some obstruction on the track caused the local to stop. Telephone reports say that the two trains were badly wrecked and that there were others injured than those reported. One unidentified dead man is said to have been found in the wreck of the caboose.

Taken From a Posse and Hanged.

Charleston, S. C., June 6.—Jim Black, a negro implicated in the murder of the wife of J. K. Jones, a section master of the Atlantic Coast line, was hanged near Ravenal by a mob which took him forcibly from a posse. Black confessed before he was strung up. He committed the crime some weeks ago and escaped, but was captured near Savannah and was being brought to the Ravenal jail.

Shah Decorates Emperor William.

Berlin, June 6.—The shah of Persia, who is now here, has bestowed upon Emperor William a decoration of the highest Persian order. The insignia presented to the emperor is set with diamonds which are valued at 22,000 marks.

COLONEL CROWDER'S REPORT.

British Camp at Chalmette, La., Not a Base of Military Supplies.

Washington, June 6.—The president has sent to the house the report of Colonel Crowder, who made the investigation of the charges of Governor Heard of Louisiana that the neutrality laws were being violated at Chalmette, La.

Colonel Crowder's report is an elaborate presentation of the conditions existing at Chalmette. He sums up his findings of fact under six heads which are substantially as follows:

First—The British re-mount commission, officers of which are operating and directing purchases and shipments of supplies in the United States, is a bureau of the English army administration.

Second—As organized by these officers Chalmette station is a governmental shipping agency for but one class of military supplies and it has not the character of a base of military supplies nor that of a military camp or post.

Third—No attempts to recruit to the British army have been made at Chalmette station, nor does the evidence disclose any such attempts at other points in the United States. A few muleteers were recruited, but this was against the orders of the British government.

Fourth—All shipments have been from the port of New Orleans to South African ports, upon vessels chartered by the British admiralty under ordinary commercial charters.

Fifth—The transactions of the commission aggregate \$17,939,350 from October, 1899, to March, 1902, with an average monthly value of \$597,978. The total shipments are given at 98,687 horses and 75,108 mules, 65 different vessels being engaged in the trade, making 166 voyages.

Sixth—All supplies have been for the use of the English army in South Africa, the trade having no existence prior to the war.

Colonel Crowder adds that the port of New Orleans was extensively used in 1896-97 to supply the Spanish army then engaged in prosecuting hostilities in Cuba.

HANNA ON THE CANAL.

Ohio Senator Favors the Selection of the Panama Route.

Washington, June 6.—In further consideration of the isthmian canal project, the senate heard two speeches, neither of which was completed. Mr. Hanna spoke in favor of the Spooner amendment, conferring on the president authority to purchase the rights of the Panama Canal company, if a valid title could be obtained, otherwise he shall decide upon the Nicaragua route. Mr. Mitchell supported the Hepburn bill for the construction of the canal by the Nicaragua route. Seldom has a senator been accorded a more attentive hearing than that given Mr. Hanna. The Panama route, he considered, much to be preferred to the Nicaragua route, as it provided an interoceanic waterway much shorter and one that could be traversed at less expense than the Nicaragua route. He maintained that the United States was to build the canal to accommodate the commerce of the world and said that fact must be taken into account.

Mr. Mitchell urged that unless the Nicaragua route was determined upon definitely by congress it would mean the indefinite postponement and perhaps the ultimate defeat of any canal legislation. He insisted that the Nicaragua route was entirely feasible and practicable, while the Panama route involved difficulties that were scarcely to be surmounted.

The senate passed the military academy appropriation bill providing for extensive improvements at West Point.

ONLY ONE MORE LEFT.

Witness in the Trial of John Wilkes Booth Dies in Indiana.

Anderson, Ind., June 6.—Professor Lewis J. Weichman died at the home of his sister, Mrs. Charles O'Conley, in this city. He was sixty years old and for many years has been conducting a business college.

With the exception of John Surratt, now in Baltimore, Professor Weichman is the last witness in the trial of John Wilkes Booth, the assassin of President Lincoln. Although his evidence was true in detail, Professor Weichman has always brooded over the matter and frequently said that his testimony was the cause of the conviction and sentence to the gallows of Mrs. Surratt.

DEBATE ABOUT ENDED.

Mr. Littlefield Will Close Argument in Favor of Anti-Anarchy Bill.

Washington, June 6.—The general debate on the anti-anarchy bill was ended during the day except for two speeches yet to be made. Mr. Littlefield (Me.) will make the closing argument in support of the measure. The debate was devoted to legal arguments, the speakers being Messrs. Bissley (Pa.), De Armond (Mo.), Williams (Miss.), Wooten (Tex.), McDermott (N. J.), Loud (Cal.), Crum-packer (Ind.), Maddox (Ga.), Ball (Tex.) and Clark (Mo.).

Moody Will Issue a Statement.

Washington, June 6.—The navy department will make a statement Saturday as to the outcome of the court of inquiry on board the Chicago at Naples, but it is not expected the full proceedings of the court, nor even the text of the conclusions, will be published. It is understood that the court found something to criticize in the conduct of the officers who were arrested, but Secretary Moody does not agree with the conclusions on those points and consequently they will be disproved.

STRIKERS ARE RIOTOUS

STREET RAILWAY MEN INDULGE IN VIOLENCE AT PROVIDENCE, R. I.

Crowds of Men Block the Thoroughfares and Hoot and Jeer Police and Passengers on Cars—Trolley Ropes Cut, Windows Smashed and Interior Fittings Defaced With Knives—Riot Caused by Parade of Strikers.

Providence, R. I., June 6.—The street railway strike here has taken a violent form. Crowds of men blocked the streets and hooted and jeered at the officers and passengers on cars, hurling missiles through windows, cutting trolley ropes and defacing with knives the interior fittings of cars. The officers freely used their clubs in half a dozen individual riots, mounted men charged the crowds and twenty-five arrests were made.

The initial cause of the disturbance was the parade of about 300 striking conductors and motormen. The line of march led up the main thoroughfare, where a crowd soon gathered. Motormen and conductors on the cars which followed were hissed and jeered until a blockade gave opportunity for a demonstration. There was instant response. The trolley was pulled off, missiles filled the air, and for half an hour the thousands shouted themselves hoarse. The police were unable to gain the mastery until a number of arrests were made, which started the crowd in another direction. Several outbreaks followed, and all the available police in the city were called into the business section. Towards midnight the excitement ceased, and the crowd dispersed, the absence of cars eliminating the chief cause of irritation.

Owing to the lack of police vigilance in Paquetuck, where the system was severely crippled, the unruly element was allowed full sway because of the refusal of the mayor to afford police protection. Boulders were piled upon the tracks, wagons walked in front of cars so that progress was slow and perilous, and finally the drivers and conductors were set upon or missiles hurled at them.

The traction officers maintain that 750 out of 1,200 men are at work. The union, after several meetings, reports 700 men on strike.

AN UNEVENTFUL DAY.

No New Developments in the Coal Miners' Strike.

Wilkesbarre, Pa., June 6.—This was an uneventful day in the anthracite coal miners' strike and probably the quietest since the engineers, firemen and pumpmen were called out last Monday. There were the usual scrimmages in several parts of the Wyoming valley, in which workmen who refused to desert the companies generally got the worst of it. No one, as far as is known, was seriously hurt. The work of the miners' pickets and the stoning by boys and young men is having its effect. Each day a smaller number of men leave their homes for the mines, fearing they may not again get home alive.

It was stated at strike headquarters that thirty-three additional men had joined the ranks of the strikers during the day and that more are expected. The operators are still able to fill the places of those who desert or are forced to quit. Most of the companies have exhausted their force of company

employees and are now using nonunion men more freely. It was their policy not to enlist the services of strangers until absolutely necessary. Nonunion men from the larger cities are still coming in, most of them being brought here under cover of darkness. They are sent to the collieries during the night because the officials do not care to arouse the anger of the men and run the risk of having the recruits attacked. During the day and a part of the night the strikers are

Constantly on the Watch and in a few minutes can call out the entire population of a mining village if necessary.

The action of the New York board of trade in requesting President Roosevelt to take up the matter of settling the strike aroused considerable interest. President Mitchell had nothing to say when asked for an expression of opinion on the new move. He said he knew nothing about it except what he had read in the newspapers. Mr. Mitchell kept close to his office all day. He spent the time in conferring with committeemen from various parts of the coal fields and did an unusual amount of telephoning. He said there was nothing new in regard to a settlement of the strike and expressed himself as satisfied with the progress of the miners' campaign. The mining superintendents who were seen had nothing new to add to the day's budget of news. All of them said they were getting along fairly well. They continue to have trouble in operating their pumps, however, and in some mines water is creeping up slowly, notwithstanding the strenuous efforts of the men on hand to keep it down. This is caused mostly by a lack of firemen to keep up enough steam, and also to the fact that some of the men have to fill dual positions. The superintendent of one company said that he had received a number of applications from engineers in cities outside the coal regions for positions.

Killed in a Swiss Landslide.

Rome, June 6.—Signor Riva, a professor in the University of Rome and Count Gino Prinetti, a cousin of the Italian minister of foreign affairs, were killed in a landslide while ascending Mount Grigna, near Lake Lecce, Switzerland.

GOD REVEALED THE CRIME.

Strange Testimony of a Witness in a Murder Trial.

Salt Lake, Utah, June 6.—James Sharp, father-in-law of James R. Hay, who was murdered last December, took the witness stand during the day in the trial of Peter Mortenson for the crime and testified that God had revealed the guilt of Mortenson to him. Testifying to his talk with Mortenson the day after the disappearance of Hay, Sharp said:

"I charged Peter Mortenson with the murder of my son-in-law, because I knew he was guilty. God revealed it to me. He appeared to me by the Holy Ghost and put the words of his spirit into my mouth. I also saw in a vision the trail of blood leading from the railroad track to where my son-in-law was buried."

Triple Murder Revealed.

St. Joseph, Mo., June 6.—A careful investigation into the death of Mrs. Belle Smith and her two children at Hardin, Mo., who were found dead in the ruins of their home, revealed a triple murder which had preceded robbery. Mrs. Smith was a widow and kept in her home \$1,000 received on an insurance policy carried by her late husband. The victims had been murdered by a hatchet which was found in the ruins of the house. A kang of traps were in the vicinity of the crime the day before.

Record Price for Beef Cattle.

Sioux City, Ia., A new price was paid on the Sioux City market for beef during the day. Two loads of ripened beefs sold at the high figure of \$7.15, which was 15 cents higher than ever paid before in this market.

LOCAL NEWS NOTES.

Rev. N. P. Glemaker returned from Little Falls this afternoon.

The Misses Lillian and Rose Koop returned from the south this afternoon.

Dr. Thabes left this afternoon for St. Cloud and will be gone several days.

D. M. Clark returned from Walker this morning where he went on business.

Mrs. J. M. Heffner left for Minneapolis this afternoon for a brief visit.

Chas. Vandersluice went to St. Cloud today to take in the Elks doings.

Father Lynch has returned from a few days sojourn in Duluth and West Superior.

Attorney L. E. Lum, of Duluth, is in the city this afternoon on legal business.

W. T. Blakeley, of Bemidji, was a passenger to the Twin Cities this afternoon.

Mrs. McDonald returned from Detroit City, where she visited for a day or two.

State Agent Egan, of the Bankers' Life Insurance Co., is at Parkerville for a short outing.

J. J. Howe and W. W. Wolf left for St. Cloud this afternoon to take in the Elks doings.

Fred S. Parker has returned from Minneapolis and St. Paul and has gone out to Parkerville again.

Attorney Scribner, of Backus, was in the city this morning. He left on this afternoon's train for the Twin cities.

Mrs. E. B. Hong, of Ithica, N. Y., who has been visiting her brother, O. Beach, left for her home this morning.

Beecher M. Hungerford, the real estate man of Aitkin, was in the city this afternoon, having returned from Minneapolis.

The Buffaloes played a game of base ball yesterday afternoon with the North stars defeating them by a score of 22 to 10.

Engineer J. M. Hallett, of the M. & L., has been laid up for nearly a week on account of a sore eye, which was caused by a flying cinder.

W. W. Green, formerly of the East Hotel left today for Fargo. He is somewhat undecided as to what business he will engage in in the near future.

Mr. and Mrs. Con O'Brien and children returned this afternoon from Wisconsin where they visited for sometime with Mr. O'Brien's relatives.

Rev. James Clulow returned this morning from his extended trip to California, not altogether satisfied with the trip, but there were pleasures that were well worthy a long journey to see.

Attorney C. A. Albright left today for Lake City to make some preliminary arrangements for Company F. The company will go down to the encampment about sixty strong.

Ole Peterson, who is employed with Barney Burton in the latter's store at Bemidji, came down from the north this morning for a two week's visit with friends and relatives.

Martin J. Reis, who clerks in L. M. Koop's store, left this afternoon for Fargo being called there on account of the death of his mother, Mrs. J. R. Reis, which occurred yesterday.

Chief Bennett, S. Hall and A. L. Hoffman returned this morning from Bemidji where they went a day or two ago to make arrangements for the big firemen's excursion which will run to that place on June 29. They met with great success and the day will be made a gala day by the Bemidjites.

W. T. Blakeley came down from the north this morning.

Mrs. C. B. White went to Aitkin this afternoon to visit friends a few days.

P. A. McNaughton, of the Turtle River Supply Co., at Farley, arrived yesterday with his wife and left for Minneapolis to-day.

Mr. and Mrs. F. F. Bell, entertained for Messrs. Lillig and Osterlund, of Brainerd, and Mr. Curtis, of Minneapolis, Wednesday evening. There were twenty guests.—St. Paul Dispatch.

There was another quite a bad washout near the M. & L. shops yesterday afternoon. The washout was on the other side of the river and some of the freight trains on the M. & L. were held up.

This afternoon about 3 o'clock the fire department was called out to extinguish a blaze at M. Mahlum's lumber and planing mill. The saw dust got on fire, but the promptness of the fire department saved the day.

The meeting of the Elks lodge, B. P. O. E., last night was largely attended. There were several candidates initiated and all of them seemed to think when it was over that they had got "their moneys worth."

The case of the city against Anton Isaacson and others was called this morning before Judge Blewitt but it was postponed for one week on account of the nonappearance of Westlund one of the defendants. The men with their attorneys and the opposing forces were present and it was to have been a battle royal.

On June 19 a novel nuptial event is scheduled for the Daggett Brook country. Mr. and Mrs. F. Nubbe have sent out invitations to a large number of friends to the wedding of their daughter, Miss Henrietta to Mr. Gustov Wachholz. The wedding occurs on the 25th anniversary of the marriage of Mr. and Mrs. Nubbe.

Sunday School Missionary J. O. Ferris, hands in the following report of his work for the month of May:

If You Could Get a Home of Your Own

by paying one-tenth to one-fourth of its value in cash, then pay the balance in your rent money, or more if you can and want to, would you not gladly do so? I now have some of the best, neatest and warmest homes in the city, with large fine lots. Several new, some older, but repaired and made as nearly new as possible, everyone a bargain. In northeast southeast and north Brainerd. All contracts simple and definite.

CAUTION, I am afraid I can not long continue to offer these terms as money is getting scarce owing to unusual demand, and I am getting letters urging me to come to other towns and cities, promising a larger and better business than I am doing here. Quick action is necessary if you want to secure a home on these easy terms. Office open day and night.

P. B. NETTLETON

Palace Hotel.

Organized three schools with an enrollment of 90 persons, preached 11 sermons, wrote 50 missionary letters, aided four other schools, sold \$15.00 worth of literature, distributed 45 copies of the scripture, traveled 519 miles, and visited 162 families. This week he is in the city and Sunday he will be at Daggett Brook.

Trunks and Grips at D. M. Clark's.
 \$19.00 to Boston and Return \$19.00
 \$22.00 To Boston and Return Via New York \$22.00

via Nickel Plate Road, account of meeting of Christian Scientists, June 15th to 18th. Tickets on sale June 12, 13 and 14, with open return limit of June 21st. By depositing tickets with Joint Agent in Boston on or before June 21st, extended limit returning until July 31st, may be obtained. Stop-over at Niagara Falls, in either direction if desired. Three trains daily. Through vestibuled sleeping-cars. American Club Meals served in dining-cars on the Nickel Plate Road; also meals a la carte. Address John Y. Calaban, General Agent, 111 Adams St., Chicago, for reservation of sleeping-car space and other information.

The largest line of base ball goods in town at H. P. Dunn & Co.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c, at McFadden Drug Co. and H. P. Dunn & Co's.

Fine line of carpets. Hoffman.

Neighborhood Gossip.

The Fargo building strike is settled.

The I. O. O. F., convention is in session at Fargo.

Grand Forks gets the next I. O. O. F. convention.

Grasshoppers are getting in their work in the Red River Valley.

A wind storm did much damage in the vicinity of Mora Tuesday.

Samuel Lambert, a pioneer resident of Stearns county, is dead.

C. E. Barth, of Red Lake Falls, has been granted a patent on a plow.

The Richmond Standard has suspended publication for lack of support.

Rochester authorities are going after violators of the bicycle ordinance.

C. E. Barnes, of Fergus Falls, has fallen heir to \$18,000 by the death of his grandmother.

The Ables-Guthman Clothing Co., is a new firm that started to do business at Sank Centre.

The old settlers of Morrison county met at Royalton and elected officers for the ensuing year.

The northwestern district encampment, of the G. A. R., will be held at St. Cloud June 24 to 26.

The report that C. Loquist, a St. Cloud photographer had suicided at St. Louis is not credited.

McIntosh is in line to celebrate the ever glorious. The committees are out for a speaker and a band, necessary adjuncts to success.

Mark Murphy charged with misappropriating government funds at Portal, N. D., was acquitted in the United States court at Fargo.

Benjamin S. Warren, of Pittsburg, has bought most of the stock and has taken control of the Little Falls Electric and Water company plant.

Peder A. Hanson, of Fosston, has brought an action for absolute divorce from Maggie Hanson, his wife,

alleging adultery as grounds therefor.

John Gorgenson, of Grafton, recently shot through the abdomen, is getting over his trouble without difficulty and the supposition is that the bullet was too small to do damage.

Henry Truelsen, democrat, who was defeated by T. W. Hugo, for mayor at Duluth, has filed papers in an appeal to the supreme court from the decision of the district tribunal, wherein Hugo was declared successful.

The first of the summer excursions over the Northern Pacific road will arrive in Duluth next week Friday at 1:45 p. m., on a special train starting from Morris Minn., at 5 a. m. The Northern Pacific makes a \$2.50 rate for the round trip.

The lignite coal region west of Minot is to be developed by a recently organized company of Fargo and Eastern capitalists of which W. von Steinwehr is at the head. The company is said to be prepared to put in a full electrical plant to be in operation within three or four months.

The Order of Railway Conductors gave their annual excursion to Cass Lake and Bemidji Sunday. The train started from Cando, N. D., and stopped at every station enroute east to Cass Lake. The sixteen coaches of the train were comfortably filled, about half of the occupants getting off at Bemidji and the remainder coming on through to Cass Lake.

Filthy Temples in India.

Sacred cows often defile Indian temples, but worse yet is a body polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c at McFadden Drug Co., and H. P. Dunn & Co's.

D. M. Clark & Co., largest Installment House in city. Goods sold on easy terms.

COURTMARTIAL MILES

SERIOUS CHARGES ALLEGED AGAINST THE COMMANDING GENERAL.

HURRYING TO WASHINGTON

Ranking Officer of the Army Passes

Through Kansas City on His Way to the National Capital, Where, It is Said, the President Has Summoned Him to Answer Allegations of Having Betrayed Official Secrets.

Kansas City, June 6.—The Journal says: Lieutenant General Nelson A. Miles, commanding the army, passed through Kansas City on his way from Fort Riley to Washington, called there by President Roosevelt and threatened with an immediate courtmartial on a charge of having betrayed official secrets. Whereas General Miles passed through here the day before attended by several other members of a board convened to observe long range gun tests at Fort Riley, to be so engaged for several days, he came back during the afternoon entirely alone, and in such haste that he had not even reserved a sleeping car berth.

A Journal reporter read to General Miles a special dispatch saying that he was suspected in the White House of having furnished details of the scandal involving Lieutenant Arnold to Senator Culberson. General Miles' comment was:

"Senator Culberson seems to have made an answer as full as one could make, and as explicit as Senator Beveridge or any one could demand."

"But, for yourself, general?"

"I repeat that Senator Culberson seems to have made the reply for which you are asking."

"There is a second dispatch, general," was then remarked, "to the effect that you are peremptorily ordered back to Washington to face charges."

General Miles would make no reply to this question. He left for Washington a short time after his arrival from Fort Riley. While here he did not leave the union station.

Mob Attacks Pump Runner.

Scranton, Pa., June 6.—The first serious outbreak of disorder in connection with the miners strike in the Lackawanna region occurred at Forest City. David Owens, a pump runner at the Clifford colliery of the Hillside company, was attacked by a mob of 300 strikers while on his way to work and beaten into insensibility. His injuries, while severe, are not serious.

Importing Nonunion Miners.

Hazleton, Pa., June 6.—About 100 Slavonian immigrants, fresh from Europe, were brought here in a special car attached to a Lehigh Valley train. They were sent to the A. S. Van Winkle colliery at Coleraine, where, it is said, they will be put to work. This is the first importation of foreigners to the anthracite regions to fill the places of the strikers.

NEW MINNESOTA RAILWAYS.

To Be Built From Minneapolis to Baudette and Anoka to Superior.

Anoka, Minn., June 6.—The Minneapolis, Superior, St. Paul and Winnipeg Railway company has filed with the register of deeds here a trust deed to the Standard Trust company of New York to secure \$10,000,000 in 5 per cent thirty-year bonds, covering the bed, superstructures, right of way, franchises, etc., of 320 miles of railway between Minneapolis and Baudette, Minn., and 120 miles from Anoka to Superior, Wis.

It is expected that 100 miles of the road will be completed this year. This line will traverse Ramsey, Hennepin, Anoka, Mille Lac, Kanabec, Aitkin, Beltrami, Itasca, Isanti, Chisago and Pine Counties in Minnesota and Douglas county in Wisconsin.

Mine Guard Shoots a Boy.

Wilkesbarre, Pa., June 6.—The spirit of unrest that has been manifesting itself more or less in this city and vicinity broke out in earnest at two places in this city, and as a result a boy was dangerously, if not fatally, shot by a guard at the Stanton colliery and a considerable portion of the fence around the Murrey colliery destroyed by fire.

Locomotive Boiler Explodes.

Piedmont, W. Va., June 5.—Baltimore and Ohio engine No. 1797 blew up near Piedmont, instantly killing Fireman Robert Graham of Cumberland, Md., and E. Smith of Rowlesburg, W. Va. Engineer W. G. Lynn of Cumberland, Md., was badly hurt, but may recover. Front brakeman Charles Powell of Grafton was fatally hurt. The engine is a total wreck and both tracks are blocked.

Eyesight of Spiders and Scorpions.

Spiders have wonderful eyesight, but I am quite sure that the scorpion's vision, notwithstanding his six eyes, is far from being acute, says an English naturalist. It is very difficult to catch a spider with a pair of forceps, but a scorpion can easily be captured if no noise is made. Spiders see their prey before they are caught in the web, but the scorpion makes no movement whatever to seize flies or cockroaches until they indicate their whereabouts by movements. This being the case, it can readily be understood how easily the scorpion may be roused into motion by the vibrations of music.

If a tuning fork be sounded on the table on which I keep my caged scorpion, he at once becomes agitated and strikes out viciously with his sting. On touching him with the vibrating tuning fork he stings it and then coils himself up, as scorpions do when bedged in.

Talk is Cheap!

unless backed by the quality of Goods.

Back of Our Talk is the Highest Grade of Merchandise that U. S. Coin can Buy.

That we sell at a Close Margin is now an Undoubted Fact and is shown by the Popularity of our Establishment.

BRainerd's GOOD SUMMER SCHOOL

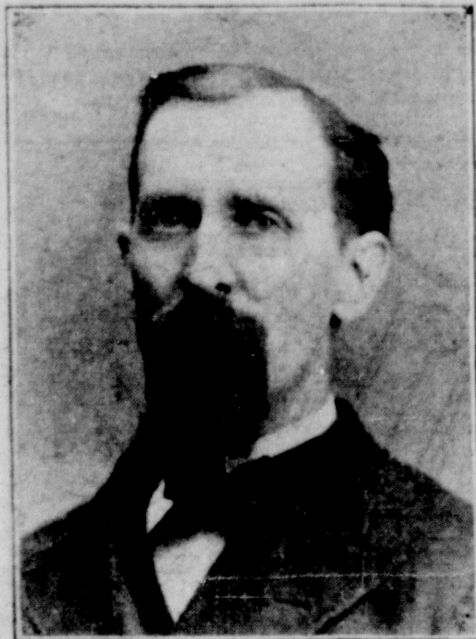

Prof Andrew Nelson who had Charge Last Year Will Again Be Conductor.

A GOOD CORPS OF TEACHERS

Supt. Wilson is Busy Sending out Circulars to the Teachers of the County.

Supt. J. A. Wilson has prepared and sent out a neat pamphlet announcing the state summer school to be held in this city this year, beginning on July 14th and continuing for four weeks. The school will be held in the Washington building.

Prof. Andrew Nelson will be the conductor and his work in this city last summer is too well known to need extended comment. Prof. O.

PROF. J. A. WILSON,
County Superintendent of Schools.

T. Denny was also here last year and he will come again. They will be assisted by Miss Sadie Geer and Miss Julia E. L. Moore. Miss Geer is a graduate of St. Cloud normal school and for several years has been principal of the Franklin school in Minneapolis and is regarded as one of the most progressive summer school instructors in the state. Miss Moore is a graduate of Georgetown Seminary, Washington, D. C., and was supervisor of music in the Duluth schools and for the past year has been connected with the schools of Minneapolis. She has also done successful work in summer training schools.

Two courses will be offered those who may attend the school. The first of the courses will be for those who desire to prepare for second grade certificates and will include all the studies belonging to that grade.

Special attention is called to the second course which will be made especially helpful to those who wish to prepare themselves for the first grade examinations. In this course teachers will have an opportunity to review thoroughly the following branches: Elementary Algebra, Plane Geometry, Physics, Civics and Physical Geography.

Ever since the state certificate law went into effect in 1899, the salaries commanded by those who hold first grade certificates have increased. Ambitious teachers can by diligent self study and attendance at a training school for a term or two, prepare themselves for desirable promotion.

In both courses much attention will be given to the methods of presenting the subject to a class, as well as the subject matter itself. The classes in primary methods under the direction of Miss Sadie Geer, will be especially valuable to teacher. In connection with this work a model class of children will be conducted during the entire term.

Classes will be organized in music and Physical Culture. Practical questions of school management will be taken up and fully discussed. Two or three interesting and instructive lectures will be given during the month.

George Stephenson.

The inventor of the steam engine, was born in England in 1781. In 1829 he was awarded a prize of 500 pounds for his first locomotive, the "Rocket."

The improvements upon Stephenson's "Rocket" have been most wonderful during the past twenty-five years until today we have the ponderous engines which pull the Milwaukee's Pioneer Limited every day in the year between the Twin Cities and Chicago and Milwaukee—the famous train of the world.

Stephenson died at sixty-seven in 1848.

COMMITTED TO INSANE ASYLUM.

Unfortunate Man Brought Down from Pequot Yesterday Ordered Sent to Insane Hospital.

Yesterday afternoon Albert Ross was brought down from Pequot by the constable of that village and last evening he was taken before a board that made a thorough examination of his mental condition. The man had been working on a farm in the vicinity of Pequot for some time and he grew rather strange until his friends and relatives thought best that he be brought to this city and examined.

Judge of Probate McFadden called in Drs. Thabes and Batcheller and they decided that the man was a fit subject for the insane asylum and he was ordered committed there. Deputy Sheriff Winters left for Pequot Falls with the man last night.

Christian Scientists'

meeting in Boston, June 15th to 18th. It will be to your advantage to obtain rates applying over Nickel Plate Road before purchasing elsewhere. Tickets on sale June 12, 13 and 14. Final return limit July 31st. Call on or address John Y. Calahan, General Agent, 111 Adams St., Chicago.

Store your Stoves and Household goods with D. M. Clark & Co.

ON THE DIAMOND.

The game on Sunday between the Brainerd and St. Cloud teams in this city will be a big event. The game will be called promptly at 3:30 o'clock and those who wish to avail themselves of the opportunity to get a seat in the grand stand had better be on hand early. The grand stand will be enlarged to double the size and when this is done and the diamond is clayed down it will be one of the prettiest parks in the country.

Ole Peterson, who played first base for the Brainerd team came down from the north this morning and may get in the game for a day or two.

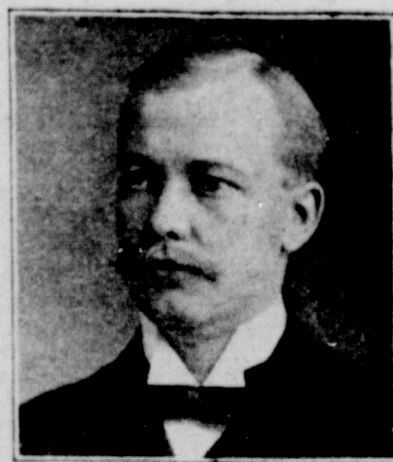

The Brainerd High School intended to play a game with the Little Falls team Sunday but there was some misunderstanding and the boys will not go down Sunday.

NORTH SIDE

Ice Cream Parlor 613 Kingwood.

Opens for business Wednesday noon June 4th. Ice cream sold by dish, quart or gallon. Will fill orders for socials or entertainments. Sunday dinners a specialty. 114

HELD IN THIS CITY IN JULY.

To Boston and Return at One Fare via New York City.

If desired for the round trip via Nickel Plate Road, for Christian Scientists' meeting in June. Tickets on sale June 12, 13 and 14, with extended return limit of July 31st. Stop-over to visit Niagara Falls enroute also granted. Write John Y. Calahan, General Agent, 111 Adams St., Chicago, for detailed information.

D. M. Clark & Co., carry a nice line of sectional Book Cases.

'Tisn't safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen.

Delicious ice cream soda with fresh fruit at H. P. Dunn & Co.

Only one remedy in the world that will at once stop itchiness of the skin in any part of the body; Doan's Ointment. At any drug store 50cts.

Base ball goods for the boys at H. P. Dunn & Co.

Copper in Cheese.

The green color of certain kinds of Italian cheese is due to the milk having been kept standing in copper vessels. During this period of repose the milk takes up considerable quantities of copper. Indeed it is customary to estimate the degree of acidity attained by the milk by noting the gradual disappearance of the brightness of the highly polished metallic surface. Dr. Mariani examined twenty-five samples of green parmesan cheese from various places and has found that to about every two pounds of cheese there is present from .8 to 2.3 grains of copper. —Health.

Store your stoves and household goods with D. M. Clark & Co.

Bruener Not a Candidate.

It looks as though Dr. DuBois will have no opposition in his candidacy for the democratic nomination for congress. Judge Theo. Bruener today made a formal announcement that he would not be a candidate for the honor.

Judge Bruener is undoubtedly the strongest man who could be put forward in this county, but for purely business reasons, as he states, he has determined to not enter the race. Stearns county, however, seems determined to furnish the democratic candidate. Dr. J. A. DuBois, of Sauk Centre, is an avowed candidate for the honor and it is understood that his certificate of candidacy will be filed with the secretary of state within a few days. A. G. Broker, the Wadena attorney, who has been prominently mentioned, has also determined upon staying out of the field, following the example set by Dr. Hemstead, of Brainerd, some days since. It must be conceded that the determination of Judge Bruener not to enter the field will be good news to Buckman, who seems to have the republican nomination corralled. —St. Cloud Journal-Press.

Mothers lose their dread for "that terrible second summer" when they have Dr. Fowler's Extract of Wild Strawberry in the house. Nature's specific for the bowel complaints of every sort.

New line of Refrigerators at D. M. Clark & Co's.

Can't be perfect health without pure blood. Burdock Blood Bitters makes pure blood. Tones and vigorates the whole system.

MUSIC AND DRAMA.

"THE ELLIS-LENNON COMPANY."

The Ellis-Lennon company last night put on the drama "Shadows of a Great City" and those who were present and who have been at the opera house during the engagement of this company pronounced it the best of the entire repertoire. There seemed to be more to the piece than anything that this company has attempted so far. Everything went off in a smooth manner and the performance was extremely interesting. "Sylvia's Romance" will be the presentation tonight and there will doubtless be a large attendance.

The four cash prizes will be given away as heretofore. There is considerable interest manifested in these contests.

"TWO LITTLE WAIFS."

"Two Little Waifs" will be an offering at the Brainerd Opera house in the near future. Of this company the Tacoma Ledger has the following to say:

"Two Little Waifs," as presented at the Lyceum theater last night, is one of the few productions in which the opportunities for an artistic portrayal of the sacrifices and devotion of a mother's love for her children, suffering the pangs of hunger, and her struggle to give them food are so many and acted so true to life. The house was crowded to witness the performance, and never a scene ended but that the audience clamored until the curtain was raised again and again. Helene Carrall as an emotional actress stands without a rival in the plays that have been in Tacoma this season. Her acting was especially fine, as she played a double part, and the changes baffled the audience. But to Stanley Lamb and Lolita Lamb, the two little waifs was accorded the unbounded admiration and appreciation of the audience. They played their parts with the vim and exactness of actors of many years' experience. The closing scene where the mother and her two children seek shelter from the cold winds and fast falling snow on the steps of the little church, only to find that services are being conducted within and they must hide themselves in the darkness of the night until the people have departed to their respective homes, is very touching and admirably acted. But the father, James G. Morton, who years ago deserted them when he thought his wife was false, and who discovers one night while attempting to rob the house of a New York millionaire that the millionaire is the father of his (Fleming's) wife, and is attempting to commit suicide because of his inability to find the daughter whom he had not seen for many years; reveals himself, is reconciled and appears on the scene just in time to see his wife and two little children seek the shelter of the church door."

See D. M. Clark & Co's new spring line of wall paper.

Saved from an Awful Fate.

"Everybody said I had Consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa., "I was so low after six months of severe sickness, caused by hay fever and asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at McFadden Drug Co., and H. P. Dunn & Co.

Cancer and Consumption Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure that has been used with great success in Europe and New York City. In the latter place hundreds are being treated daily by this wonderful light. Absolute cures are being effected and all who try it are benefited. The treatment consists in powerful rays of light from a 500 candle power lamp which are passed through condensing lenses and thrown on the affected parts. These rays of light destroy the germs of disease without injury to the healthy tissue. It quickly relieves the pains of cancer, the severe coughing in consumption and heals all running sores. It is absolutely painless. Already a number of Duluth and Superior people have been treated with astonishing results. For particulars address,

Georgia Democratic Primaries Name a
State Ticket.

Atlanta, Ga., June 6.—Incomplete re-
turns received from the Democratic
primaries held throughout this state
nominate the following ticket for gov-
ernor and state officers: For governor,
J. M. Terrell; secretary of state,
Philip Cook; comptroller, General W.
A. Wright; state treasurer, R. E. Park;
attorney general, J. C. Hart; associate
justices of the supreme court A. J.
Cobb and Samuel Lumpkin; United
States senator, A. S. Clay, renominated
for the six-year term.

Candidates were chosen for con-
gress in twelve districts. The result
of the primary is virtually an election
as no other political party in the
state will place an opposition ticket
in the field. The election of the ticket
nominated will be held in November
next.

DARING JAIL DELIVERY.

Seven Prisoners Overpower the Jailer
and Escape at Council Bluffs, Ia.

Council Bluffs, Ia., June 6.—Seven
prisoners whose leader was Andrew
Thompson, overpowered Jailer George
W. Martin and forced him and his
wife into a cell at the point of a re-
volver, locked them up and made their
escape. Martin was delivering the
evening meal to the prisoners when
they attacked him. Mrs. Martin heard
the scuffle and secured a revolver
which she undertook to give to her
husband. The prisoners prevented her
doing so, and, after taking the weapon
from her, forced the jailer and his
wife into a cell and locked them up.
They then secured the keys and made
their escape. None of the prisoners
was charged with a more serious crime
than burglary.

BALLIET FOUND GUILTY.

Iowan Convicted of Using the Mails
for Fraudulent Purposes.

Des Moines, June 6.—The federal
jury has found Letson Balliet guilty of
using the mails for fraudulent pur-
poses, in connection with an Oregon
mining proposition. The verdict was
a general surprise.

The jury a few minutes before
bringing in the verdict asked instruc-
tions of the court whether they should
take into consideration Balliet's acts
prior to the date of the indictment.
The court stated that he had admitted
testimony to that effect. The jury then
retired and remained out only ten min-
utes. Judge Munger gave the defend-
ant until June 26 to file a petition for
a new trial, argument for which will
be heard in July.

SEVEN INCHES OF RAIN.

Courtland, Neb., Practically Destroyed
by a Cloudburst.

St. Joseph, Mo., June 6.—A cloudburst
destroyed the greater part of
Courtland, Neb., a small town near
Beatrice. Seven inches of water fell.
Fields are devastated. It is impossi-
ble to tell whether any lives have been
lost. Several buildings have been
wrecked by the storm and it is feared
a number of people are killed. Every
effort is being made to get communi-
cation with the village. It is believed
crops in that section have been prac-
tically ruined by the cloudburst. A
heavy rain also fell in other parts of
the county, and in places the damage
is very great.

HIGH WATER IN KANSAS.

Many Acres of Corn Ruined and Much
Stock Drowned.

Topeka, Kan., June 6.—The high
water in Kansas rivers continues. The
Arkansas river is yet very high and
much damage to property has resulted.
The Cottonwood and Neosho rivers in
Lincoln county are above high water
mark. The water has overflowed the
banks to such an extent as to ruin
many acres of corn and drown much
small stock on the farms.

A washout on the Santa Fe near
Emporia tied up all the trains on the
main line. On the Argentine-Emporia
cutoff no trains at all can be run.

Iowa Democrats Meet Sept. 3.

Des Moines, June 6.—The state Demo-
cratic central committee met here
and decided to hold the state conven-
tion at Des Moines, Sept. 3. The com-
mittee decided on H. C. Taylor of
Davis county for temporary chairman
of the convention and C. Naeve of
Davenport for temporary secretary.

Was at One Time a Millionaire.

Kansas City, June 6.—Dr. John W.
Lowry, once a millionaire lumber deal-
er of East Saginaw, Mich., and who
had Boston connections, died at a hos-
pital here from the effects of a dose of
morphine taken with suicidal intent
at a lodging house on Monday night.
He was seventy years old.

TELEGRAPHIC BREVITIES.

The president has nominated John
F. Jewell of Illinois to be consul at
Martinique.

The Rev. Henry Latham, master of
Trinity hall, Cambridge, is dead. He
was born in 1822.

Dr. Joseph Eastman, who was one
of the best known surgeons in the
country, is dead at his home in In-
dianapolis.

Sir Daniel Cooper, formerly acting
general for New South Wales in
England, died in London. He was
born in 1821.

King Alfonso of Spain has signed a
decree authorizing the issuance of a
loan of 328,000,000 pesetas in 5 per
cent internal redeemable bonds.

Sir William James Richmond Cot-
ton, chamberlain of the city of London
since 1892, died Thursday morning.
He was lord mayor of London in 1875.

A dismal swamp forest fire, which
has been raging in Nansemond county,
Va., destroyed hundreds of acres of
timber lands and several houses near
Copeland.

Willis B. Wheeler, who brutally
murdered his son-in-law, Elias Burns,
in Warwick county, Ind., Sept. 7 last,
was hanged in the Northern Indiana
prison at Michigan City.

SERIOUS ELECTRICAL STORM.

Considerable Damage Done by Light-
ning at Omaha.

Omaha, June 6.—A series of thunder
showers which occurred during the
day culminated in a most serious elec-
trical, wind and rain storm. Rain fell
in blinding sheets for half an hour and
lightning struck several down town
buildings, among them being the Pax-
ton hotel and the Omaha bank build-
ing. In the latter is located the West-
ern Union Telegraph company and the
stroke played havoc with the wires
for sometime. A great many cellars
were flooded and considerable other
damage done. A number of washouts
on railroads are reported, but their ex-
tent is not serious. Heavy rains are
reported from all over Nebraska and
Western Iowa.

GOMEZ REFUSES PENSION.

Asks His Friends to Defeat Resolu-
tion Before the Cuban House.

Havana, June 6.—General Maximo
Gomez has published an open letter
here in which he refuses to accept the
annual pension of \$6,000 provided for
him in the resolution which is now be-
fore the Cuban house of representa-
tives.

General Gomez asks his friends to
defeat this resolution, saying it would
be unfair to him to accept money so
long as the other Cuban soldiers have
not been provided for. General Go-
mez asserts he has a bill against the
government for war services which
some day will have to be paid, but that
he is willing to wait until such time as
Cuba can pay all her soldiers.

SECURES TWO NEW ROADS.

Rock Island Gets a Direct Outlet to
St. Paul and Minneapolis.

Chicago, June 6.—Two roads were
added to the Rock Island system dur-
ing the day. One is the Burlington,
Cedar Rapids and Northern, which
gives the Rock Island a direct outlet
to St. Paul and Minneapolis, and the
other is the Rock Island and Peoria,
which has been operated by the Rock
Island company for a number of years.

The Burlington, Cedar Rapids and
Northern has been under the control
of the Rock Island for some time,
and it had been understood that ulti-
mately it would be made a part of the
Rock Island system. Henceforth it
will be known as the Cedar Rapids
division of the Rock Island system.

The Rock Island now has taken a
lease of the road for 999 years from
June 1, 1902, and also of the Rock
Island and Peoria. In each case it
pays a rental equal to the sum of all
the taxes levied upon either property,
all the interest of the outstanding
bonds of either company and 6 per
cent upon the outstanding capital
stock of each company.

Eczema

COMES FROM THE BLOOD AND NOT
FROM THE SKIN

The prevalence of Eczema among the
young and old is due to the introduction
of poisonous matter in the blood. Those
pimples, eruptions and sores upon the face,
neck and body are all due to the same cause.
It is a waste of time and money to attempt
to cure such a condition by doctoring the skin.
The seat of the trouble is in the blood and
the cause is the blood's impurity. A specific
course of MEDERINE will open the natural
channels of the system and promote a drain-
age of the impurities of the blood, which
will filter, cleanse and purify it so that no
form of eruption upon the skin can appear.
MEDERINE is the only Guaranteed Cure for
Eczema and all blood impurities. It stands
alone today upon its own merits and chal-
lenges the world for a specific blood purifier
like it. Do not nurse your trouble alone.
Write MEDERINE REMEDY CO., West Su-
perior, Wis., for their system of treatment.
